

INI Farms sets up largest pack house facility in Pune

INI Farms, a Mumbai-based horticulture company focused on pomegranates and bananas on Friday launched India's largest and one of its kind post-harvest integrated pack-house facility near Pune. This facility is expected to lead to improvement in quality and wastage reduction of Banana and Pomegranate. The integrated facility includes complete handling and primary processes such as cleaning sorting, grading and packaging of the produce which shall be exported across several countries.
